### **Examiner Interview**

Applicants appreciate the interview with the Examiner on November 4, 2009. During the interview, the Examiner agreed that the references cited in the Office Action do not disclose or suggest that individual pixels captured by a first digital image sensor and a second digital image sensor are randomly accessible, as in claims 1, 11, and 23. Hence, claims 1, 11, and 23 are allowable. Claims 2-4, 6, 8-9, 12, 15, 17-19, 21, 25-29, 31, and 34-36 are allowable, at least by virtue of their dependence from an allowable claim.

## **CONCLUSION**

Applicants respectfully request reconsideration and withdrawal of each of the rejections, as well as an indication of the allowability of each of the pending claims.

Any changes to the claims in this response, which have not been specifically noted to overcome a rejection based upon the cited art, should be considered to have been made for a purpose unrelated to patentability and no estoppel should be deemed to attach thereto.

The Examiner is invited to contact the undersigned attorney at the telephone number listed below if such a call would in any way facilitate allowance of this application.

The Commissioner is hereby authorized to charge any fees, which may be required, or credit any overpayment, to Deposit Account Number 50-2469.

Respectfully submitted,
